

HOTEL NAME:**SUN INT. SUN CITY - CASCADES****Sun International****Sun City**
Africa's Kingdom of Pleasure

Sun City South Africa offers accommodation in one of four hotels, each with their own style, character and ambience.

Choose from the luxury and opulence of The Palace of the Lost City, the ideal family accommodation at the Cabanas, the stylish Cascades and the central hub of activity - the Sun City Hotel. Each of the four hotels at Sun City have several dining options – from casual fare to fine dining restaurants.

The Cabanas at Suncity, South Africa, are the pinnacle of family-friendly accommodation.

The hotel opens on to rolling lawns and is conveniently located close to the man-made Waterworld lake, and the wide range of water activities offered here.

Also within close proximity are the abundant children's activities, including the Kamp Kwena Fort, mini-golf, Animal World and the Finder's Keepers Scratch Patch. While the children are suitably entertained, parents can relax beside the pool or head to the Waterworld lake for some water activities.

The Cabanas offers a total of 380 rooms, cheerfully decorated in vivid colours, with a relaxed and casual feel perfect for families. The laid-back, family-friendly Cabanas have sprawling green lawns where children can run about and play.

If an informal and comfortable family vacation is what you're after, the Cabanas is the ideal Sun City hotel.

SUN INT - F3**HOTEL PROFILE:*****Cascades Hotel***

Set amidst lush tropical forests, the hotel is named after the tumbling streams that flow through the verdant gardens that surround the hotel.

The lush foliage not only provides a serene setting for the hotel, but is also home to a variety of colourful tropical birds. A stroll through the forest along one of the many winding footpaths is a relaxing experience that all but erases the presence of the bustling Suncity resort.

The hotel's unique terraced shape is not only immediately identifiable but provides all rooms with a view of either the pool or the gardens. The Cascades Hotel is centrally situated within close proximity of the Entertainment Centre and the Gary Player Golf Course.

Sport enthusiasts staying at the Cascades can make use of the nearby tennis and squash courts. In addition, the Gary Player Country Club is adjacent to the hotel and easily accessible for those wishing to play a round of golf or those who want to make use of the health spa.

There are 243 rooms at The Cascades as well as 3 swimming pools – one Children's pool and one heated. The pool area with its tanning island and a small private beach has a distinctly tropical feel with umbrellas, swaying palms and rocky water features.

The Cascades hotel is a favourite for understated luxury and elegance.
