

HOTEL NAME:

PROTEA HOTEL

HOTEL PROFILE:

PROTEA HOTELS was formed on 1 July 1984, with an initial base of four managed properties which were controlled by Otto Stehlik and his partners.?

These properties were the Heerengracht and Capetonian Hotels in Cape Town, the Protea Gardens Hotel in Johannesburg and the San Lameer resort on the KwaZulu Natal South Coast.

The company was owned 60% by Bankorp and 40% by Stehlik and his partners, who were also directors of the company.

Protea Hotels is dedicated to ensuring the longevity of our business for generations to come through responsibly managing our impact on the environment, our employees and the communities in which we operate.

From a portfolio of four hotels in 1984, Protea Hotels has expanded rapidly and is today the largest hotel group in terms of numbers of hotels in Africa, with the most extensive network. It has management and franchise agreements, as well as several joint ventures, with over 100 hotels. These are spread throughout South Africa, as well as Tanzania, Malawi, Nigeria, Namibia & Zambia. Negotiations are currently taking place regarding Protea's expansion into other African regions on both the East and West Coasts of Africa - areas where Protea has a distinct trading advantage.

The partnership concept has worked well and has enabled Protea to help people grow through the organisation and to develop a dynamic corporate culture which, in turn, forms the platform of its future growth.

An Alphabetical list of Protea Hotels in South Africa is listed below:-
